

IN THE SPECIFICATION:

Please amend paragraph [0059] as follows:

[0059] In step S10, all of $N+1$ elements $B'[j]$ ($0 \leq j \leq N$) of a single-dimension array B' are initialized to zero. In step S20, all of $N^3 - (N+1)^3$ elements $r[p,i,j]$ ($0 \leq p \leq N$, $0 \leq i \leq N$, $0 \leq j \leq N$) of a three-dimension array r are initialized to zero. In step S30, an element $B'[0]$ of the single-dimension array B' is set to 1.
